

Youssef El-Hasbani

Software Developer

(613) 608-4098 | yelha075@uottawa.ca | youssefe.github.io

TECHNICAL SKILLS

Platforms: Windows and Linux

Web Technologies: HTML5, CSS3, Javascript, JSON, XML, XSLT

Scripting Languages: Perl, Python, Powershell

Programming Languages: C, C++, C#, VB, Java, SQL

Proficient in Git, OOP, Algorithms and Data Structures

EXPERIENCE

House of Commons

Systems Development Service

Software Developer | Winter 2017

Worked on the Desktop Applications Team, on large desktop based solutions used by members of parliament. Some of these solutions performed tasks such as publishing documents to the HOC's website, inventory control and other administrative tasks. Also migrated older applications from VB6 to VB.Net

Employment and Social Development Canada

Strategic and Service Policy Branch

Junior Data Analyst | Summer 2016

Worked with the Labour Market Evaluation Team, on a data visualization tool. This tool analyzed log files, outputted by statistics programs, and outputted Microsoft Word tables. These tables were used in annual evaluation reports submitted to members of parliament.

EDUCATION

University of Ottawa

Hon. BSc. with Specialization in Computer Science (Co-op)

Sept. 2014 – Apr. 2019
